**Company history/background**

Our center, measuring almost 140 meters, is located in the center between two main streets, one of which will soon be pedestrianized.

It opened its doors in 2006 to become one of the leading centers in the region and recognized nationally, for its numerous appearances in magazines and competitions.

With a history of almost 15 years, the unisex salon offers all kinds of services for care and well-being, a premises fully adapted to the needs of the market and a portfolio of clients of more than 3000 people with a

medium-high purchasing power.

The team consists of four full-time stylists, working Tuesday through Saturday with one morning or afternoon off on a rotating basis. Furthermore, the salon is debt-free and runs like clockwork.

The reason for the sale is purely personal; I would like to start a family and I am having problems with pregnancy.

I offer to work and help the buyer for a period of 3 months to convert with the intention of teaching them how the company works, suppliers and everything they need, so that the client does not notice any change.

This company is attractive to anyone who wants to invest in a profitable business, whether or not they belong to the trade, since there is a great team working there who know perfectly how to do their job.
