Company history/background

This is a company that has been in the meat sector for over 30 years.

Meat cutting plant for sale, fully operational due to retirement. The facilities were renovated 4 years ago (all refrigeration unit motors were replaced). Various types of meat can be processed. It has 6 cold storage rooms (4 holding rooms, 1 freezing tunnel, and 1 80-pallet freezer), 2 loading docks, changing rooms, and several offices.

The facilities are located next to the A4 motorway.

We have another warehouse that complements the cutting room; it has 500m² and includes a freezing storage chamber with a capacity of 80 pallets.
