Company history/background

Located in a 750m2 warehouse in the Coslada area, very close to Cañaveral and Berrocales, the two major urban developments of new housing in Madrid.

Licensed warehouse with updated fire and security systems. Recently inspected by the Madrid regional government.

- Aluminum joinery with a production capacity of 5500 windows per year (22 units/day)
- Verifiable annual turnover of 2,000,000 euros. Fully sound financially.
- Modern and well-maintained machinery and accessories. Main machine: high-end double-head cut-off saw. Includes flatbed truck.
- Established client portfolio, including: Ferrovial, Dragados, Touza Arquitectos, Promotors, etc...
- A unique sales team would be available to introduce and transfer clients.
- Highly qualified technical team
- The payment method is being negotiated
- Reason for sale: owner's retirement. All necessary audits and checks can be carried out; negotiations can be kept confidential.
