Company history/background

This production unit of a company, established in 1985, specializes in the sale and repair of agricultural and gardening machinery. It also participates in certain tenders issued by local councils for the sale and after-sales service of gardening equipment. Its clients are primarily farmers in the Penedès, Garraf, Baix Llobregat, parts of

Anoia, and parts of the Barcelonès region. In the agricultural division, it is a New Holland dealer, accounting for 85% of sales. In the gardening division, it is a Stihl dealer and a distributor of Husqvarna, among other brands.

Sale of agricultural, gardening and related machinery, as well as related utensils, tools, spare parts and accessories, and also offers repair service through its own workshop and rental service of agricultural and gardening machinery
