NIF: B653 51 066

The company has 500 m<sup>2</sup> facilities with treatment lines, purification systems and environmental licenses in order, which allows it to operate with all technical and regulatory guarantees.

## Unique selling points

- **Zinc plating of complex parts** thanks to technical expertise and flexibility in processes.
- **Production in short series** adapted to the specific needs of the clients.
- **Fast delivery services** , which provide high added value compared to the competition.
- **Premium and high-quality finishes** that guarantee customer satisfaction in demanding sectors.

## Other

- **Industrial companies in the metallurgical or surface treatment sector** , seeking to integrate electroplating processes and expand their service portfolio.
- **Direct competitors or related workshops** interested in increasing production capacity, optimizing costs and gaining market share in the Barcelona area.
- **Individual investors or business groups** interested in a consolidated, profitable business with growth potential through additional commercial actions.

The buyer should value the quality of the finishes, the consolidated client portfolio and the financial stability of the company, as well as the potential for expansion in a sector with constant demand.
