**Company history/background**

A Spanish company specializing in hair transplantation and aesthetic medicine. Its main focus is on offering advanced and personalized solutions for hair loss, combining medical expertise with cutting-edge technology. Head transplantation is the company's main activity. During 2025, other services related to aesthetic medicine and smartaging will have been developed and implemented.

With nearly 800 procedures performed in 2024, the company offers personalized treatments including hair
