Company history/background

For sale: a large mobile phone repair service company specializing in the sale of refurbished mobile phones of various brands and iPhones, and the exclusive distribution of white-label phones. For over 10 years, it has been a national leader in technical support services for businesses, major retail channels, manufacturers, and end consumers. Demonstrable, consistent revenue of between €1.4M and €2M with profits. Opportunity to purchase 100% of the limited liability company (SL).

Sociedad SL boasts superb facilities in Valencia and the best tools in a secure environment where they can perform all types of repairs, from software to soldering, with complete quality control and customer service. Their team of eight employees is a young, qualified, and experienced technical group, passionate about technology and always up-to-date with the latest advancements. The company owns registered trademarks and operates several websites for online sales, repair services, and the sale of various brands of repaired mobile phones, as well as a website dedicated exclusively to selling repaired iPhones and iPads and accessories.
