Company history/background

Private medical clinic with **over 30 years of experience** in Salamanca. A well-established healthcare center with continuous activity and progressively evolving services, always maintaining a valid health license and a stable structure. The clinic has developed its activity by combining private medical care, agreements with insurance companies, and psychometric testing services, with a regular patient base.

- General medicine and specialties, with stable billing.

- Attention to patients of medical insurance companies.
- Fully operational psychotechnical center.
- Complementary care services (including physiotherapy, nursing).

The activity takes place in equipped and authorized facilities with more than 250 square meters of surface area, allowing the immediate continuity of the business.

Unique selling points

- **Valid health license** , recently renewed (2024).
- **Active psychometric testing center** , with recurring billing.
- **Agreements with major health insurers** , difficult to obtain from scratch.
- Centrally located, operational clinic with functioning structure and processes.
- Extensive track record and local recognition.
- Possibility of adapting the care model according to the buyer's profile.

Other

Medical professionals, healthcare professionals, or healthcare groups seeking **immediate establishment** in Salamanca through the acquisition of an already licensed and operational clinic. This is especially attractive to **Latin American physicians** or healthcare investors wishing to establish themselves in Spain while avoiding the lengthy initial setup process.
