Company history/background

Textile company for sale with values of sustainability and local presence, deeply rooted in the Basque Country and with great potential for business scalability.

Comfortable and fashionable casual clothing, with a Nordic style and neutral colors, using functional patterns and fabrics with a pleasant feel.

It has an annual fashion catalog for men, women and children with a strong brand image.

The operation is based on its own design and a local value chain, concentrating 100% of its production in EEC countries.

A brand at the forefront of real sustainability:

- Carbon Footprint Reduction: Logistics optimized by geographical proximity, minimizing the environmental impact of transport.
- Ethics and Transparency: Strict compliance with EU labor standards, guaranteeing fair and responsible production.
- Total Traceability: Absolute control from the pattern to the final finish, eliminating extra costs and ensuring maximum efficiency.

Turnover is constantly growing, around €600,000.
