They offer personalized instruction tailored to each student's needs, a large team of professionals, flexible scheduling (morning, afternoon, and evening), free internet access, a multi-language video library, a cafeteria, and more. Courses are offered in companies for adults within their workplaces. These are typically communicative, practical, and interactive classes geared towards the workplace. Courses are also available for professionals to help them communicate effectively and efficiently in their chosen language.

Before starting the courses, students must take a placement test to determine their appropriate level. At the end of the courses, students receive a Certificate of Completion, provided they meet the requirements.
