SALE of a company of GENERATOR SETS (C-9387) domiciled in an important town in the province of MADRID.

This company, part of the Grupo Electrógenos group, has over 25 years of experience in the market, giving them extensive expertise in the sale and technical service of all types of generator sets. They distribute their electric

generators throughout Spain. The company specializes in the sale, repair, and maintenance of all types of equipment. They have a large team of professionals who provide guidance throughout the entire purchase and installation process.

One of the most requested services by their clients is equipment maintenance. This means that the generator will always be operational when needed, so clients won't have to worry about servicing or repairing it. The company adapts to its clients' needs, and therefore all maintenance contracts are customized. They work for and with their clients, constantly seeking out the latest generator sets and equipment. The company specializes in the sale of generator sets and strives for total customer satisfaction, which is why they have a trained and specialized staff and utilize the latest technological advancements in the sector.

They own two adjacent buildings, approximately one thousand square meters in total. These include offices, a warehouse, restrooms, and space for assembling generator sets.

Target selling price: €3,100,000 (includes facilities).
