**Company history/background**

For sale: road freight transport company located in the Province of Valencia, with distribution in Valencia, Castellón and Alicante.

Family business with many years of experience in the sector and top-tier industrial clients.

Own fleet of 9 trucks plus other subcontracted self-employed drivers.

Trucks in perfect condition and highly specialized service for their clients, expanding manufacturing companies, and with maximum financial solvency.

The company's annual turnover is around 1M euros with very good profitability and real growth potential based on its current customers.

Financially stable company with no debt.
