Sale of shares (15-20%) of a restaurant group in the Barcelona area consisting of 4 restaurants, a purchasing center and a management center.

Each restaurant has a different limited liability company (SL). The group has a turnover of around 4 million euros with a pre-tax profit of approximately 400,000 euros.

The reason for the sale is due to a personal need for liquidity because of a serious illness of a family member.

These shares might be of interest to someone who wants to start in the restaurant sector with a company that works very well, running a virtually non-existent risk.
